Nathan Ochsner, Clerk of Court

Dear Nathan Oschner,

I received a "Notification of objection" for my claim about Altera Infrastructure L.P. as a debtor  
I found the reason for objection says "The filed proof of claims represents an interest rather than a claim" which is not accurate at all.

My claim for \$3225 book value+ \$357.5 missing coupons = \$3582.50

As a debtor, I see I am standing alone, with this objection, it's not justice for debtors.
